Submissions will not be considered without this checklist completed

**Please review Author Guidelines at:
<https://www.jom-hub.com/submissions>**

Cover Letters are required along with your manuscript submission. Please verify (by checking each box) that you have included the following in your Cover Letter:

- An explanation of how the manuscript fits into JOM's and its department's mission statements (please review those statements in advance; In your letter you MUST specify [2 Departments](#)).
- A recommendation list of at least [3 Associate Editors](#) and at least [3 ERB Reviewers](#) suitable to review the work and free of conflicts of interest.
- A disclosure of the use of AI per the shared [AI policy](#) publicly posted for journals in the Operations Management domain.
- A disclosure of any dissertation and/or conference papers upon which the manuscript is based, and/or prior use of the data in other publications.
- A disclosure of previous "reject and resubmit" decision, or whether is it a significant recrafting of a work that was previously granted a rejection at JOM.
- [Optional] Additional information regarding items on the online submission forms, such as conflicts of interest (see conflict of interest policy) & funding sources.*

Reviewers will be able to download the original manuscript files, supplemental files “for review,” and response files. Please confirm (by checking the box) that you have removed personally identifiable information from the documents' metadata properties:

- The files that will be available to reviewers have been inspected for personally identifiable information and author details have been removed from the document properties.
