

First Annual Ohio State Student Data Visualization

Challenge

An interdisciplinary collaborative competition matching student skill sets with team roles and socially responsible data sets.

For details:

www.visualizationhub.com

Application period: December 15, 2014 - January 16, 2015

Final Results

Data Sponsor

Award Sponsor

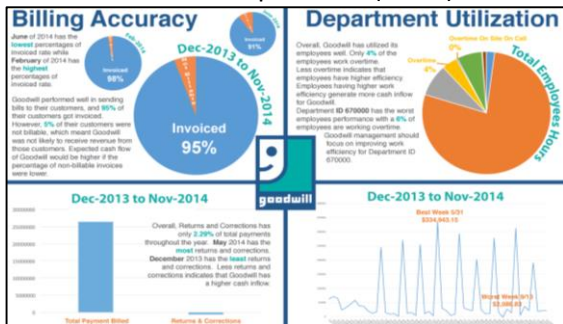

1st Place

Student Team: Brian Li, Frank Sunderland, Freda Xiang. Advisor: David Schilling (FCOB)

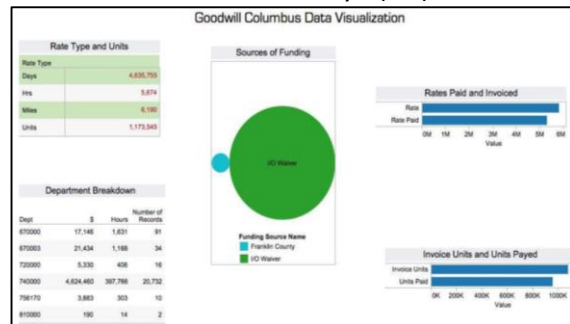

2nd Place

Student Team: Rui Wu, Alexandra Beigel, Helen Lu.
Advisor: Ralph Greco (FCOB)

3rd Place

Student Team: Mannan Kohli, Kristen Novotney.
Advisor: Mike Rayo (ISE)

The table below provides a breakdown of scoring and the basis of final placement.

	Scores from OSU Faculty Judges (w/ Data Vis Exp)			Scores from Industry Judges (w/ Data Vis Exp)			Scores from Context Judges (Columbus Goodwill Reps)		
	1st Place	2nd Place	3rd Place	1st Place	2nd Place	3rd Place	1st Place	2nd Place	3rd Place
Validity	5.33	3.56	2.33	5.33	4.44	3.00	5.83	5.33	3.50
Efficiency	4.44	4.00	1.78	3.67	5.33	2.56	5.00	5.83	4.00
Completeness	4.00	3.11	1.56	4.89	3.78	1.89	5.67	4.50	3.67
Novelty	4.44	2.78	1.56	5.22	4.67	2.22	5.50	4.50	3.17
Practicality	4.44	3.11	1.33	3.44	3.89	1.78	5.17	4.33	2.50
Total	22.67	16.56	8.56	22.56	22.11	11.44	27.17	24.50	16.83

Well done students. Collectively you represented the majors of Finance, Inequality and Society, Operations Management, Swahili, Mathematics, Marketing, Chinese, Information Systems, Design, Japanese, Accounting, History, International Studies and Economics. You've shown how working together varied disciplines can come collaborate to develop unique perspectives on reality that serve a public good.

Thanks once again to the faculty participating as judges as well as the industry representatives. Special thanks to Goodwill of Columbus for donating the data set, and PwC for their generous donation of the 1st Place prize money.
